142ND SUPPORT GROUP MEETING – MUMBAI

TB AND LUNG CANCER- UNDERSTANDING THE DIFFERENCES

KEY TAKEAWAYS

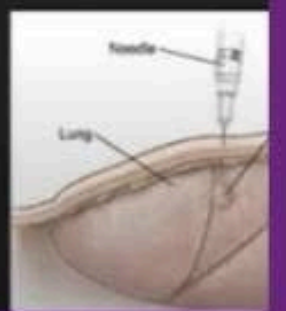

- Lung Connect successfully concluded its 142nd Support Group Meeting which was held on 9th May, 2025
- Dr Devayani took an insightful session related to TB and lung cancer.
- She explained to everyone in simple terms why doctors get confused between the two.
- However she mentioned even after having 6 weeks of TB medicine, you are not feeling better- you must go for lung cancer screening.
- We had Dr Mehak Trikha who solved the queries of the meeting participants.
- We heard the challenges faced by caregiver from Sanjay Kumar.

DIFFERENTIAL DIAGNOSIS

• Sputum examination

• CT guided biopsy

• TB and Lung cancer can co-exist!

143RD SUPPORT GROUP MEETING- UP- BIHAR

IMPORTANCE OF CLINICAL TRIALS IN LUNG CANCER

KEY TAKEAWAYS

- Lung Connect conducted its 143rd Support Group Meeting on 14th May, 2025.
- This time, we had Dr Akhil talking about the clinical trials for lung cancer in India and its importance.
- 40-50% people get common mutations- ALK, EGFR etc.
- However, the next generation medicines are available in the clinical trials before govt approval.
- You may also think about this as a society upliftment.
- Dr Akhil also helped to solve all the queries of participants.
